From the Health Office

Re: HINI Second Dose Clinic

Date: January 19, 2010 9am-11 am Multipurpose Room

The Burlington County Health Department has scheduled our school for a Second dose HINI clinic for those children who are 9 years old or younger and have received a first dose of the vaccine at our December 1st clinic or elsewhere. If parents request a second dose to be administered, it must be at least 21 days since the first dose. The Health Department will also vaccinate children needing a first dose (please note that the Health Department will not be returning to schools for second doses for these children; they will have to be accommodated at a public clinic elsewhere or by their family physicians.) No vaccination will be given without a consent form. Consent forms for students must be

completed online at www.co.burlinton.nj.us/departments/health, printed, signed and submitted to the school Health Office prior to the clinic. We must have consent forms in the Health Office by January 13, 2010. The Health Department must be notified 2 business days before the clinic. No child will be vaccinated if their consents are not included in the count to the Health Department.

Please Remember: Consent forms for H1N1 vaccination clinic are due in the school Health Office by Wednesday January 13, 2010. Nursery and Pre-K parents must accompany their children if receiving vaccination.
